

Jackie L. Fisher 1995

**Thomas Fisher's First Farm
Parkersville Community, Chester County, Pennsylvania**

Thomas Fisher settled here in 1714. This spot is at the northern end of his 225 acres. The homesite was probably the 15-acre tract in the top photo, looking east. The bottom photo, looking south, shows the farmland, 199 and a half acres which Thomas claimed from public lands. He obtained a deed for it in 1735 from the sons of William Penn.
